AUDITOR'S REPORT

The Honorable Robert D. Orr, Governor
and
The Legislative Council of the
General Assembly of the State of Indiana

We have examined the combined financial statements of the various funds of the State of Indiana and its combining and individual fund financial statements as of June 30, 1984 as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As disclosed in Note A to the financial statements, the State of Indiana's computerized General Fixed Asset Account Group is not yet fully operational. Due to this factor the General Fixed Asset Account Group was not examined by us and we accordingly express no option thereon.

In our opinion, except for the General Fixed Assest Account Group, on which we express no opinion, the aforementioned financial statements present fairly the financial position of the various funds of the State of Indiana at June 30, 1984, and the results of the operations of such funds, and the changes in financial position of the Proprietary Type Funds for the year ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information are presented as additional analytical data, and no option is expressed thereon.

STATE OF INDIANA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 1984

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. **Bases of Accounting.** The modified accrual basis of accounting is used for all Governmental Fund Types, Expendable Trust and Agency Funds. The accrual basis of accounting is used for all Proprietary Fund Types, Nonexpendable Trust and Pension Trust Funds. Budgets are prepared on a cash basis for all funds for which a budget is legally adopted. Budget figures for expenditures in Budget vs. Actual Statements represent Legislative Appropriations and Supplemental Appropriations made during the year. Actual expenditures include both cash disbursements and outstanding encumbrances. Estimated revenues are recorded only in the General Fund.

2. **Definitions of Fund Types and Bases.**

   a. **Fund Types.** There are eight fund types recognized in governmental (fund) accounting. The Auditor of State's accounting system recognizes six of these types: General, Special Revenue, Capital Projects, Enterprise, Internal Service, and Trust and Agency funds. These six recognized fund types are further segregated into three broad categories of fund types: Governmental Fund Types, which include General, Special Revenue and Capital Projects; Proprietary Fund Types, which include Enterprise and Internal Service Funds; and Fiduciary Fund Types, Trust and Agency Funds.

   b. **Modified Accrual Basis of Accounting.** In the modified accrual basis of accounting, revenues are recognized in the accounting period in which they became available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. In the Auditor of State's accounting system, the fund liability is recognized when goods are received under an encumbered purchase order; other types of expenditure documents are not readily measurable for purpose of accrual, except for personal services which are accrued at year-end only.

   c. **Accrual Basis of Accounting.** In the accrual basis of accounting, revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period incurred if measurable.

3. **Basis of Presentation.** The accompanying financial statements substantially conform to the principles set forth in Governmental Accounting and Financial Reporting Principles, Statement 1, issued by the National Council on Governmental Accounting.

4. **Revenue, Expenditure, and Expense Account Classifications.** Governmental and fiduciary type funds revenues are classified by fund and source. Expenditures are classified by fund, function, activity, organization unit, and principal and sub-classes of objects. Proprietary type fund revenues are classified by fund and source, and expenses are classified by fund and principal and sub-classes of objects.

5. **Revenue Sources Susceptible to Accrual for Funds Utilizing The Modified Accrual Basis of Accounting.** The concept of the modified accrual basis of accounting recognizes revenues in the accounting period in which they become available and measurable in a material amount. Revenues deemed both available and measurable, and therefore accrued, were limited to Federal Grants Receivable.

6. **Valuation of Assets.**

   a. **Investments.** Investments are stated at cost for all funds, except Pension Trust Funds, which are stated at amortized cost. The Auditor of State records only those investments purchased by his warrant. These statements therefore, generally do not reflect those "cash balance" investments (which legally may cross funds or fund types) which are purchased by the Treasurer of State's check.

   b. **Fixed Assets—General Fixed Assets Account Group.** The information for the statewide inventory of land and fixed assets was being accumulated when the annual report was compiled. As the inventory system was not functional by the date of this report, the Auditor of State did not establish a general fixed asset account group. Fixed assets (at historical cost) and related depreciation (straight line method) are included in the Proprietary Fund Types and Pension Trust Funds financial statements.

c. **Inventories.** Inventories of supplies and salable goods are recorded only in Proprietary Fund Types. Inventories are stated at cost and are determined by either the first-in, first-out or the weighted-average method depending upon the particular Internal Service Fund involved.

7. **General Long-Term Debt Account Group.** The State of Indiana is constitutionally prohibited from incurring long-term debt. Accordingly, no General Long-Term Debt Account Group is maintained. Except that pursuant to P.L. 74, Acts of 1980, as amended by P.L. 74, Acts of 1981 the Indiana Toll Bridge Commission was abolished with all powers, duties, liabilities, records and property transferred to the Department of Highways. Therefore, the Toll Bridge Commission's debt in outstanding revenue bonds is included in the financial statements.

8. **Nature and Purpose of Reserves.** Certain reserves are set up within the equity section of the balance sheet of each fund to indicate items that are not currently spendable by the state. These items represent either monies set aside by the legislature for a certain future purpose, monies committed for a specific future expenditure, or monies which, due to that fund, will not be received on a current basis.

   a. **Reserve for Long-Term Receivables.** This reserve is established to recognize that certain advances and loans to other funds were loaned on a long-term basis and are not currently available for expenditure.

   b. **Reserve for Loans to Local Units of Government.** This reserve is established to recognize that the legislature has set aside certain amounts of money to loan to local units of government for specific purposes. In all funds but the general fund these amounts are loans to individual school units or funds advanced to counties. In the general fund these amounts are:

County Tornado Disaster Loans	$ 1,032,590.80
Economic Development Matching Loan	11,212.44
Flood Control Loans	2,000,000.00
Industrial Development Loans	7,096,357.84
School Disaster Loans	3,199,013.00
Total	$13,339,174.08

   c. **Reserve for Tuition Support.** This reserve is established to recognize that the legislature has set aside money, the amount to be determined by the State Budget Agency, for paying the distribution to local school units at the beginning of the succeeding fiscal year.

   d. **Reserve for County Adjusted Gross Income Tax.** This reserve is established to recognize that collection of these county taxes by the State of Indiana are held in trust in the General Fund and are not available for expenditure.

   e. **Reserve for Encumbrances.** This reserve is established to recognize that an amount of money has been set aside out of one year's budget for goods and/or services ordered during that year, that will not be paid for until they are received in a subsequent year. If the goods or services have not been received in the current year, but the paperwork simply was not processed in time to be paid during the year, the amount is shown in the liabilities section of the balance sheet, not in reserve encumbrances.

9. **Budget, Appropriation and Amendment.** Budgets are established for each agency by the State Budget Agency on a cash basis for the purpose of preparing a recommended budget report and budget bill for the budget committee of the legislature. This budget report includes both cash revenues and cash disbursements. A general appropriation act is passed by the legislature each biennium, and with any amounts appropriated by separate act, an appropriation list is certified to the Governor, the Auditor of State, and each member of the legislature, by the Budget Director, to be posted to individual agency accounts within each governmental type fund. The Budget Agency does have a limited authority to transfer such appropriations between accounts within the same agency. The Budget Agency also administers a quarterly allotment system to provide budgetary control over those agency accounts which are within governmental type funds. The State Board of Finance (consisting of the Governor, Auditor of State, and Treasurer of State) is empowered to transfer appropriations from one agency of the state to another, or to transfer amounts from one fund of the state to any other fund of the state with the exception of trust funds.

10. **Encumbrances.** An encumbrance is an amount set aside from the other spendable resources in a fund to pay for a specific amount of goods and/or services that have been ordered by an agency of the state on a formal purchase order. Since these purchase orders could be cancelled or modified prior to the actual delivery of goods or rendering of services, they do not yet represent an expenditure nor a liability of the state, but are merely a reservation of fund balance for a possible future expenditure. At year-end, those encumbrances which represent purchase orders for which goods or services have been received are eliminated from this reserve and the fund liability is recognized. (See the discussion above on reserves.) These encumbrances which represent purchase orders for which goods and services have not been received by year-end do not lapse. Appropriations for the year in which the purchase order was encumbered are carried forward into the succeeding year(s) to be recognized as expenditures in the year in which the fund liability is actually incurred, if not previously cancelled. Increases in such prior-year purchase orders must be augmented by the State Board of finance, and any decreases revert to the fund.

11. **Vacation, Sick and Personal Leave Policies.**

    a. **Vacation Leave.** Vacation leave with pay is earned by all full-time employees at the rate of one working day for each full month of employment. Employees working on a part-time basis earn vacation leave at the rate of one-half working day per month. Vacation is not earned by hourly, per diem, temporary, intermittent, contractual, or employees working less than one half time. Employees accrue, but may not use, vacation leave during the first six months of employment (twelve months for part-time). If an employee terminates prior to the completion of six months, all accrued leave is forfeited. Employees who have completed five years of continuous full-time employment (ten years for part-time) shall receive three bonus vacation days per year of continuous full-time employment (twenty years for part-time) shall receive five additional (total of eight) bonus vacation days per year on the anniversary date of their employment. Employees who have completed twenty years or more full-time employment or forty years or more of half-time employment shall accrue five additional (total of thirteen) vacation days. There is no limitation to the accumulation of vacation leave, but upon termination of service, in good standing, employees will be paid for a maximum of six calendar weeks of unused vacation leave. (Policy established by State Personnel Division Rules and Regulations)

    At June 30, 1984, accumulated unpaid, vacation pay benefits, up to six calendar weeks accumulation, equaled $28,089,074.01 for all funds of which the General Fund portion is $15,829,029.09.

    b. **Sick Leave.** Sick Leave with pay is earned by all full-time employees at a rate of one-half working day for each full month of employment. Employees working on a part-time basis earn sick leave at the rate of one-fourth working day per month. Sick leave is not earned by hourly, per diem, temporary, intermittent, contractual, or employees working less than one half time. Employees who have a minimum of five years of continuous full-time employment, who have exhausted their accumulated vacation and sick leave balances, may receive special sick leave, if approved, amounting to one calendar week of special sick leave for each complete year of continuous full-time employment. There is no limitation to the accumulation of sick leave, but no amounts will be paid for unused sick leave at termination of service. An employee who leaves employment with the state after June 30, 1982 and is subsequently rehired shall have reinstated any sick leave which was uncompensated at separation. (Policy established by State Personnel Division Rules and Regulations)

    c. **Personal Leave.** Personal leave accrued to full-time employees at the rate of one working day for every four months of full-time employment and to part-time employees working at least one-half time at the rate of one-half day for every four months of service. Personal leave shall not be granted to hourly, per-diem, temporary, intermittent, contractual, or employees working less than one-half time. No employee may accrue a personal leave balance in excess of three days. If an employee is otherwise eligible to accrue personal leave, but the accrual thereof would increase his account balance beyond the three-day limit, the personal leave day shall be credited to the employee's accrued sick leave balance. (Policy established by State Personnel Division Rules and Regulations)

B. STATE OF INDIANA—FISCAL ENTITY DEFINED

The State of Indiana, as a fiscal entity, consists of all departments, agencies, boards and commissions whose primary accounting functions are maintained through the Auditor of State's centralized accounting system. Quasi-governmental units are those operating from funds separate from the State Treasury, whose accounts are not maintained by the Auditor. State Universities do receive legislative appropriations paid by warrant of the Auditor of State, but they operate outside the State Treasury and account for their own funds. Accordingly, quasi-governmental units and State Universities are not included in this report. Such units are:

Ball State University
Indiana State University
Indiana University
Indiana University Medical Center
Indiana Vocational Technical College
Purdue University
Vincennes University
Indiana Board for Depositories
Law Enforcement Building Commission
Port Commission
State Armory Boards
State Fair Board
State Office Building Commission
State Police Building Commission
Toll Road Commission
White River Park Development Commission

C. PRIOR PERIOD ADJUSTMENTS

1. **Internal Service Funds.** A prior period adjustment was made to recognize the cumulative effect of account errors in the recording of current liabilities.
2. **Teachers Retirement Fund.** A prior period adjustment was made to correct accrual of salaries in previous year.

D. CAPITAL PROJECTS FUNDS

Certain operating accounts within the General Fund that represent biennially appropriated construction projects were removed from the General Fund and set up in a Capital Projects Fund titled "General Fund Construction."

E. CONTINGENT LIABILITIES

Annually at December 31, the Attorney General of the State of Indiana reports to the Governor on the total amount of tort claims outstanding against the State. At June 30, 1984, the Attorney General reported 329 million in tort claims and pending lawsuits against the State. Based upon past performance, representatives of the Attorney General's Office have indicated that they do not believe that a significant portion of claims and lawsuits will proceed to judgment against the State.

F. LONG-TERM CONSTRUCTION CONTRACTS

The State of Indiana has entered into long-term commitments for highway construction of approximately $9.5 million.

G. DEFICIT FUND BALANCES

The Auditor of State shows a deficit balance for the following funds as of June 30, 1982:

Fund	
Construction on Mental Institutions	($3,697,556.01)
Recreation Development Commission	(500,000.00)
Welfare-Medicaid Administration	(416.84)

The following fund shows a deficit balance in fund equity from the effect of accrual of salaries and vouchers payable:

Fund	
College Workstudy Program	($ 2,518.68)
Employment Security Administration	(923,168.04)
Welfare Child Service	(24,170.27)

H. LOAN TO CHRYSLER CORPORATION

The Indiana Board for Public Depositories (now a quasi-governmental unit) authorized, in its meeting of July 25, 1980, the Treasurer of State to purchase a Chrysler Corporation Negotiable First Mortgage Note, dated June 2, 1980 in the original principal amount of $32,000,00.00 with monies on deposit in the Public Deposit Insurance Fund.

The Note matures on July 1, 1986 and provides for interest at the rate of ten and one half percent (10½%) per annum payable on each January 1 and July 1.

The Note is secured by certain real property of Chrysler Corporation's Kokomo, Indiana transaxle and transmission plants and by certain personal property consisting of machinery and equipment in same and having appraised value of $64,000,000.00.

I. INSTITUTION LOCAL FUNDS

Certain institutions of the Department of Correction, Department of Mental Health, and State Board of Health maintain custodial control over funds to be used for the benefit of their residents. As these funds are not the property of the State of Indiana they are not accounted for in the Auditor of State's funds and, therefore, are not included in the financial statements presented in this report.

The combined balance sheet of these funds as of June 30, 1984 is as follows:

Assets	
Cash	$1,928,600.80
Investments	6,519,696.95
Total Assets	$8,448,297.75
Fund Balances	
Reserved:	
Trust Funds	$4,745,378.08
Recreation Funds	2,759,163.51
Canteen Funds	509,351.18
Other Funds	434,404.98
Total Fund Balances	$8,448,297.75

J. MENTAL HEALTH INSTITUTIONS

Facilities under the direction of the Department of Mental Health operated from legislative appropriations from the General Fund. These facilities are not profit making; therefore, they are not classified as enterprise funds.

STATE OF INDIANA
STATISTICAL TABLES
FISCAL YEAR ENDED JUNE 30, 1984 ACCOUNT ACTIVITY

Statistical tables concerning detailed activity by individual account within each fund are as follows:

1. Detailed Statement of Revenue Received, Refunded and Transferred
2. Statement of Appropriations, Allotments and Expenditures

For the purpose of these statements, an account is defined as a separate revenue or appropriation account within a fund assigned to a particular agency of the state to account for that agency's operations as a distinct part of that particular fund. These statements are not necessary for generally accepted reporting, but are used as management information by the Legislature, the Governor, the State Budget Agency and the Auditor of State in keeping track of a certain agency's operations as they pertain to the whole of the state, and by the agencies themselves in controlling their own operations. The account number shown in these statements may be read as follows: The first three digits shown denote the fund involved; the second three digits are the account number assigned; the third set of digits shown indicate the agency to which the account is assigned. The first three digits denote the fund as follows:

100-199	General Fund
200-499	Special Revenue
500-599	Internal Service
600-999	Trust and Agency

STATE OF INDIANA
STATISTICAL TABLES
TEN YEAR COUNTY SCHEDULES

Ten year statistical tables concerning property values and tax levies by county are presented on a calendar year basis. Schedules presented are:

1. Property Tax Levies by County—Last Ten Calendar Years
2. Assessed Value of Taxable Property by County—Last Ten Calendar Years

Public Law 47, Acts of 1975, required a general reassessment of the real property of all the counties of the state beginning January 1, 1976, to be completed on, or before, March 1, 1978, as the basis for taxes payable in 1979. Public Law 32, Acts of 1978, delayed the completion date to March 1, 1979, for taxes payable in 1980. Public Law 60, Acts of 1979, instituted the Homestead Credit to allow an additional credit to homeowners above the property tax replacement credit (see Note 1, below) as follows:

Taxes Payable	Credit
1980	10%
1981	8%
1982	6%
1983	4%
1984	2%
1985	2%
1986 and after	4%

NOTES TO TEN YEAR COUNTY SCHEDULES

Note 1: Public Law 45, Acts of 1973, instituted the Property Tax Replacement Credit to allow a 20% credit for property taxes payable in 1974 and thereafter, funded by 40% of the 5% general sales tax.
